- ❖ **PARENTS:** We will be taking a lot of pictures at camp. Those pictures may be posted on our new website (which is under construction) or used for promotional purposes. If you wish your child's picture to NOT be used...please email David (BTNI2@aol.com) and let him know that. That does not mean we won't take pictures of your child enjoying herself at camp ☺.
- ❖ We will be using the lake again this year (with even more activities in the lake) but we need you to do something for us. There will be both lake and pool swimming. On the lake we have use of the trampoline, canoes (life jacket required and supplied), a huge slide and a climbing wall called "The Iceberg" as well as a couple added attractions. The lifeguards will by request also take the girls on Jet Ski rides (life jacket required and supplied). There are numerous lifeguards watching and protecting our campers, as required by Pennsylvania State laws.

We must have you check off and sign the following form and return it to us upon check in at camp. Without this form, your child will be denied lake use rights and will only be allowed to swim/play in the pool. We appreciate your time filling this form out but it is with your child's best interest and safety that we are doing this.
